## NIGHTS GLOW BRIGHTER WITH ELECTRIC OCEAN, SEAWORLD SAN ANTONIO'S NEW SUMMER CELEBRATION

### Evening Spectacular "IgNite" Captivates Audience with Fireworks

**SAN ANTONIO, Tex. (June 14, 2018)** – SeaWorld San Antonio's new nighttime spectacular – Electric Ocean – transforms the park this summer into a sea of glowing color and energy. Electric Ocean ignites at SeaWorld on Friday, June 15, and lights up the park nightly through Aug. 12.

"When the sun goes down, our park comes alive with a celebration of illumination, featuring vibrant night shows with exhilarating performances," said Carl Lum, SeaWorld San Antonio park president. "Immersed in exotic worlds of light, music and incomparable special effects, our guests can experience their favorite SeaWorld rides and attractions in a whole new way – lit by the Electric Ocean glow."

Electric Ocean brings longer park hours which enable guests to voyage into an exotic underwater world filled with dazzling lights, electrifying dance music and a brilliant energy that sparks in the evening twilight, Lum added. Guests can experience exciting nighttime shows, returning summer classics and a plethora of new food and drink options throughout the park. The energy of the night culminates with a family-friendly dance party before "IgNite" lights up the sky in a spectacular fireworks finale.
